

# Sea ice workshop

**27-28th September 2004**

DAMTP,  
Centre for Mathematical Sciences,  
Wilberforce Road,  
Cambridge CB3 0WA

<http://www.cpom.org/ukseaicegroup>

This workshop is for the benefit of those interested in any aspect of UK sea ice research.

There will be a mix of talks, posters and discussion, relating to sea ice activities in modelling, data sets and applications.

Accommodation for the night of 27<sup>th</sup> Sept is available in Churchill College at the cost of £42.50 for B&B. If you would like to stay in Churchill College, let Olivia Low, [O.Low@damtp.cam.ac.uk](mailto:O.Low@damtp.cam.ac.uk), know no later than 10 Sept. Alternative accommodation should be arranged independently by the attendee.

The plan is to start the meeting at about 1pm on 27th Sept and finish by about 1pm on 28th Sept. This is for the convenience of those travelling a long distance.

There will be a small cover charge payable upon arrival to cover meeting room hire etc. Further details will be emailed to the UK sea ice group list and placed on the UK sea ice research homepage.

If you would like to give a 20 min. talk or a poster, please contact Danny Feltham, [dlf@cpom.ucl.ac.uk](mailto:dlf@cpom.ucl.ac.uk), preferably no later than 1 Sept.

**Researchers at the beginning of their career are particularly encouraged to present their work.**
